6. Our approach to SEND support

6.1. The needs of any pupil with identified SEND may change over time. Staff will:

- Regularly assess pupils' skills, attainment and wider development.
- Monitor progress towards EHCP or other defined outcomes.
- Identify emerging or changing needs.

6.2. When needs change, staff will:

- Discuss concerns with the SLT and relevant professionals.
- Consider reasonable adjustments or additional interventions.
- Involve parents/carers and seek external advice where appropriate.
- Request an early EHCP review from the LA if required.

6.3. Pupils and parents/carers are central to all decisions about special educational provision. We:

- Gather views on strengths, interests and difficulties.
- Agree outcomes and next steps jointly.
- Share notes of key discussions and review meetings.
- Notify parents/carers formally when provision changes.

6.4. Each EHCP is reviewed annually with families, professionals and the LA, and progress is monitored through staff meetings and termly reports.

Graduated Approach (Assess–Plan–Do–Review)

6.5. We apply the graduated cycle to refine provision:

- Assess – analyse needs using assessments, observations and input from pupils, parents and external professionals.
- Plan – agree adjustments, interventions, support, expected impact and review dates.
- Do – implement the plan, with teachers responsible for overall progress.
- Review – evaluate impact, gather feedback and adjust provision and outcomes.

6.6. For pupils with EHCPs:

- Provision is defined in Section F of the EHCP.
- Provision is reviewed annually at the EHCP Review.

6.7. We evaluate SEND provision by:

- Tracking academic and wider progress, including EHCP outcomes.
- Reviewing intervention impact and provision maps.
- Collecting feedback from pupils and parents/carers.
- Monitoring by senior leaders and the trust.
- Using external moderation and quality assurance.
- Holding Annual Reviews for all pupils with EHCPs.

7. Attendance

7.1. Many pupils with SEND face complex barriers to attendance. Their right to education is the same as any other pupil and our ambition for attendance is high. We:

- Work closely with families and professionals to understand and remove barriers to attendance
- Consider reasonable adjustments, flexible timetables and health-related needs where appropriate
- Follow our trust and school Attendance Policy for all pupils, including those with SEND

7.2. For most pupils with an EHCP, the local authority makes transport arrangements. In practice pupils come to school by a variety of means, by taxis and minibuses, in specialist transport and independently. Generally, an escort is provided on home-school transport. Some parents/carers choose to bring and collect their child from school.

8. Transition

8.1. All new students, regardless of age, take part in a full transition programme. This begins with short visits so staff can gather and share essential information. Visits then increase gradually to full days and full weeks to ensure a smooth and supportive start.

8.2. At the end of each academic year, class teachers meet to share key academic, personal and care information. Wherever possible, pupils spend time in their new class before the summer break to help the new year start smoothly.

- 8.3. For pupils entering Key Stage 5 Post 18 destinations and any additional support are discussed in the Autumn Term. Independent careers advice is provided, and next steps are explored through Annual Review meetings. Community links are strengthened through the school's careers strategy.
- 8.4. We hold an annual World of Work week in school where a variety of external professionals from a wide range of professions come into school and engage with our students

9. Safeguarding

- 9.1. We recognise that pupils with SEND can face additional safeguarding challenges. Children with disabilities are statistically more likely to be abused than their peers, and additional barriers may exist when recognising abuse, exploitation or neglect.
- 9.2. Staff are trained to:
 - Recognise indicators of abuse or neglect in pupils with SEND;
 - Take account of communication needs and differences;
 - Listen carefully to pupils and take their concerns seriously.
- 9.3. For more detail, see the Safeguarding Policy and related procedures.

10. Staff training and development

- 10.1. All staff follow a programme of Continuing Professional Development (CPD) that includes:
 - Mandatory safeguarding training;
 - Training in communication approaches and supporting specific needs (e.g. autism, SEMH, sensory needs);
 - De-escalation, positive behaviour support and emotional regulation.
- 10.2. The Headteacher and SLT:
 - Monitor staff training needs;
 - Arrange specialist training where required;
 - Ensure staff with specific expertise share best practice and lead aspects of the school's work.

11. Links with external professional agencies

11.1. We recognise that we cannot meet all needs alone. When necessary, we work with external professionals, this can include:

- Speech and Language Therapists
- Specialist teachers or support services
- Educational Psychologists
- Occupational Therapists and Physiotherapists
- General Practitioners and Paediatricians
- School Nurses
- Child and Adolescent Mental Health Services (CAMHS)
- Education Welfare Officers
- Social Care and other LA services
- Other specific services and professionals as appropriate

12. Partnerships

12.1. As a member of Nexus Multi-Academy Trust, Fountaindale School has strong partnerships with other trust schools, enabling:

- Sharing of best practice and expertise;
- Joint training and moderation;
- Collaborative approaches to SEND provision.

12.2. We believe that families are key partners in the education of their child. We:

- Actively seek and respect families' views;
- Aim to build relationships based on trust, openness and mutual respect;
- Encourage families to be as involved as possible in the life and work of the school.

13. Admission and accessibility arrangements

13.1. Our admission arrangements for pupils with SEND and/or disabilities are set out above and in our school's Admissions Policy. We ensure that:

- Our oversubscription criteria do not unfairly disadvantage pupils with SEND or disabilities.

13.2. We take reasonable steps to:

- Prevent disabled pupils from being treated less favourably than other pupils;
- Provide facilities, auxiliary aids and services to help disabled pupils access our school;
- Continuously improve the physical environment and information accessibility.

13.3. Our Accessibility Plan sets out how we will:

- Increase the extent to which disabled pupils can participate in the curriculum;
- Improve the physical environment to support access;
- Improve the availability of accessible information.

14. Complaints about SEND provision

14.1. We always welcome constructive comments and suggestions. Where parents/carers have concerns about SEND provision, they should first raise these informally with the class teacher or key staff member. If the matter is not resolved, they can contact members of the School Leadership Team.

14.2. If concerns remain, parents/carers may make a formal complaint in line with the Nexus Complaints Policy. If the parent or carer is not satisfied with the school's response, they may escalate the complaint further in accordance with the Complaints Policy. In some circumstances this right also applies to the pupil.

14.3. For further guidance on complaints, disagreement resolution and mediation:

- See the SEND Code of Practice;
- The local authority's disagreement resolution and mediation services.

15. Monitoring and evaluation arrangements

15.1. We are constantly looking for ways to improve our SEND policy and practice.

15.2. We will evaluate how effective our SEND provision is by considering:

- How early and accurately needs are identified;
- Progress and attainment of pupils with SEND;
- Progress towards EHCP outcomes;
- Whether pupils with SEND feel safe, valued and included in the school community;
- Feedback from pupils, parents/carers, staff and external professionals.
